To Whom It May Concern,

I am writing to highly recommend Benjamin Hoskings for any future opportunities in the field of Data Science and AI. Benjamin joined our team at Applied Data Science & AI as an intern from July 17, 2023, to September 22, 2023, for a period of ten weeks. During his tenure, Benjamin exhibited exceptional dedication and delivered outstanding performance, significantly contributing to a Data Science project under his responsibility. Benjamin displayed a remarkable level of reliability and consistently executed his tasks with exceptional care and precision. He demonstrated a deep commitment to the work, ensuring that the project met business expectations and the quality standards we require

One of the notable aspects of Benjamin's performance was his proactive nature. He showed a strong sense of initiative and took the initiative to go beyond the standard requirements. He not only completed his assigned tasks but also continued to explore and expand upon them, consistently exceeding our expectations. This level of commitment is a rare quality in an intern and undoubtedly sets him apart.

Here is a summary of the key responsibilities Benjamin undertook during his internship:
1. Checked data volume and data quality for all relevant data sources.
2. Provided summaries of key performance indicators and ensured they met business expectations.
3. Performed essential data manipulation activities to clean, filter, enrich, and join data as needed.
4. Conducted thorough exploratory data analysis, investigating datasets and summarizing main characteristics.
5. Compared the impact of different features through controlled experiments and data science methods.
6. Skillfully visualized datasets and their main characteristics on a dashboard, enhancing our data-driven decision-making capabilities.

Benjamin's proficiency in these tasks, combined with his dedication made a substantial impact on our project and team. I wholeheartedly recommend Benjamin for any future opportunities in the field of Data Science and AI. I am confident that he will continue to excel in his career and be an asset to any organization fortunate enough to have him on their team.

If you require any further information or have specific questions regarding Benjamin's performance, please do not hesitate to contact me at abdussamed.aslan@teva.de or +49 162 259 3578.

Sincerely,
Abdussamed Aslan
